

How To Sit Thich Nhat Hanh

Cut through the busyness and anxieties of daily life to discover the simple happiness of living in the present moment, as taught by a world-renowned Zen monk. In this book, Thich Nhat Hanh—Zen monk, author, and meditation master—distills the essence of Buddhist thought and practice, emphasizing the power of mindfulness to transform our lives. But true mindfulness, Hanh explains, is not an escape. It is being in the present moment, totally alive and free. Based on a retreat that Thich Nhat Hanh led for Westerners, *You Are Here* offers a range of effective practices for cultivating mindfulness and staying in the present moment—including awareness of breathing and walking, deep listening, and skillful speech. These teachings will empower you to witness the wonder of life and transform your suffering, both within and outside you, into compassion, tenderness, and peace. As Thich Nhat Hanh declares, “the energy of mindfulness is the energy of the Buddha, and it can be produced by anybody.” It is as simple as breathing in and breathing out.

Neither the countless numbers of fad diets, nor the annual spending of \$50 billion on weight loss efforts are helping us feel better or lose weight. With *Mindful Eating*, world-renowned Zen master Thich Nhat Hanh and Harvard nutritionist Dr. Lilian Cheung join together to show us how to end our struggles with weight once and for all.

Based on the loving kindness and compassion meditation of the Lotus Sutra, *Touching the Earth* contains one of the most popular and transformative practices of Thich Nhat Hanh. Written as a poetic conversation with the Buddha, it is a step-by-step guidebook to the practice of 'Beginning Anew'. Thich Nhat Hanh describes it as having the capacity to remove obstacles brought about by past wrongdoings and to bring back the joy of being alive. According to many of his students who are deeply touched by this practice, it can help renew our faith and develop our compassion. It presents an opportunity to heal our relationships through forgiveness and to embrace our ancestors, parents, teachers, and ourselves. *Touching the Earth* contains clear instructions for the 'Beginning Anew' practice with over 40 guided meditation verses, allowing the reader to practice alone or with others.

Happy Teachers Change the World is the first official, authoritative manual of the Thich Nhat Hanh/Plum Village approach to mindfulness in education. Spanning the whole range of schools and grade levels, from preschool through higher education, these techniques are grounded in the everyday world of schools, colleges, and universities. Beginning firmly with teachers and all those working with students, including administrators, counselors, and other personnel, the Plum Village approach stresses that educators must first establish their own mindfulness practice since everything they do in the classroom will be based on that foundation. The book includes easy-to-follow, step-by-step techniques perfected by educators to teach themselves and to apply to their work with students and colleagues, along with inspirational stories of the ways in which teachers have made mindfulness practice alive and relevant for themselves and their students across the school and out into the community. The instructions in Happy Teachers Change the World are offered as basic practices taught by Thich Nhat Hanh, followed by guidance from educators using these practices in their classrooms, with ample in-class interpretations, activities, tips, and instructions. Woven throughout are stories from members of the Plum Village community around the world who are applying these teachings in their own lives and educational contexts.

In Is Nothing Something? Zen Master Thich Nhat Hanh answers heartfelt, difficult, and funny questions from children of all ages. Illustrated with original full-color artwork by Jessica McClure, Is Nothing Something? will help adults plant the seeds of mindfulness in the young children in their lives. Beginning with the most basic questions, "What is important in life?" and "Why is my brother mean to me?" and progressing through issues that we all wrestle with, such as "How do I know if I really love somebody?", "How long am I going to live?", and "What does God look like?", each page presents a question with a short answer from Thich Nhat Hanh, appropriate for beginning readers to work with on their own. The back of the book has the first complete children's biography of Thich Nhat Hanh, along with basic, kid-friendly instructions for mindful breathing and mindful walking. Both humorous and profound, Is Nothing Something? is the perfect resource for kids with questions, adults looking to answer them, and anyone with questions of their own.

While many experts point to the enormous complexity in addressing issues ranging from the destruction of ecosystems to the loss of millions of species, Thich Nhat Hanh identifies one key issue as having the potential to create a tipping point. He believes that we need to move beyond the concept of the "environment," as it leads people to experience themselves and Earth as two separate entities and to see the planet only in terms of what it can do for them. Thich Nhat Hanh points to the lack of meaning and connection in peoples' lives as being the cause of our addiction to consumerism. He deems it vital that we recognize and respond to the stress we are putting on the Earth if civilization is to survive. Rejecting the conventional economic approach, Nhat Hanh shows that mindfulness and a spiritual revolution are needed to protect nature and limit climate change. Love Letter to the Earth is a hopeful book that gives us a path to follow by showing that change is possible only with the recognition that people and the planet are ultimately one and the same.

The secret to happiness is to acknowledge and transform suffering, not to run away from it. In *No Mud, No Lotus*, Thich Nhat Hanh offers practices and inspiration transforming suffering and finding true joy. Thich Nhat Hanh acknowledges that because suffering can feel so bad, we try to run away from it or cover it up by consuming. We find something to eat or turn on the television. But unless we're able to face our suffering, we can't be present and available to life, and happiness will continue to elude us. Nhat Hanh shares how the practices of stopping, mindful breathing, and deep concentration can generate the energy of mindfulness within our daily lives. With that energy, we can embrace pain and calm it down, instantly bringing a measure of freedom and a clearer mind. *No Mud, No Lotus* introduces ways to be in touch with suffering without being overwhelmed by it. "When we know how to suffer," Nhat Hanh says, "we suffer much, much less." With his signature clarity and sense of joy, Thich Nhat Hanh helps us recognize the wonders inside us and around us that we tend to take for granted and teaches us the art of happiness.

And most of all, it will generate happiness, understanding, and love, so we can live deeply in each moment of our life, right where we are.

This wonderful and engaging 1st book in a trilogy that includes *Steps and Stones* and *Peace, and Bugs and Understanding*, gives children and caregivers a concrete practice for dealing with anger and other difficult emotions. In *Anh's Anger*, five-year-old Anh becomes enraged when his grandfather asks him to stop playing and come to the dinner table. The grandfather helps Anh fully

experience all stages of anger by suggesting that he go to his room and, "sit with his anger." The story unfolds when Anh discovers what it means to sit with his anger. He comes to know his anger in the first person as his anger comes to life in full color and personality. Anh and his anger work through feelings together with humor and honesty to find a way to constructively release their thoughts and emotions and to reach resolve with Anh's grandfather. The story is beautifully illustrated with handmade collages by New York artist and children's book illustrator Christiane Kromer. Each collage is a mix of paper, acrylic, and cardboard, and found materials. The materials reflect the connection between the characters and their environment and are indicative of the wide range of emotions that come together in the story. Anh's Anger teaches children that it is okay to feel angry, and shows the technique, often used by child therapists, of externalizing the emotion. Through taking time to "sit" with his anger, a young child is able to see his anger and talk to it and together they move through the journey of experiencing the different stages of anger until the feeling subsides and finally resolve. Anh's Anger differs significantly from other books on anger resolution techniques in showing that the child is able to talk about what transpired and accept responsibility for hurtful things that he may have said or done. The author's intention is to help parents understand that there is an alternative to "time out's" as a means of helping children to express themselves when feeling angry, while providing children with a mechanism for internal dialogue during a "time out" or when "sitting" with their anger. Through reading the story, children will learn to acknowledge anger when it arises, understand the cause of their anger, and ultimately feel safe expressing themselves and accepting accountability for their actions when appropriate. By learning these skills, children, will grow comfortable with them and carry them into adulthood with ease and confidence.

This easily accessible translation and commentary by Thich Nhat Hanh on the Sutra on Knowing the Better Way To Live Alone, is the earliest teaching of the Buddha on living fully in the present moment. "To live alone" doesn't mean to isolate oneself from society. To fully realize this is to meet our appointment with life and to experience peace, joy, and happiness this realization brings. A wonderful addition to the library of anyone interested in Buddhist studies. "Our appointment with life is in the present moment. The place of our appointment is right here, in this very place."
