

Steam Taming The River Monster Setting The Stage For Fluency

Explores Jung's psychological concepts regarding the nature, function and importance of man's symbols as they appear on both the conscious and subconscious level

Audisee® eBooks with Audio combine professional narration and text highlighting for an engaging read aloud experience! For Muslims, Ramadan is a time for fasting, prayer, and thinking of others. Rashad tries to be good all month. When it's time for Eid al-Fitr, he feasts and plays! Find out how people celebrate this special time of year.

Essay

This reference text is a highly useful tool for the student of Chinese religious literature as well as for general readers in need of a handy companion text to the rest of this rich collection. The dictionary in this volume contains vocabularies of Buddhist terms in Pali, Singhalese, Siamese, Burmese, Tibetan, Mongolian and Japanese. If you find yourself hampered by the continual recurrence of Sanskrit and other foreign terms embedded in texts on Tibetan Buddhism, generally with no explanation, this volume will be quite helpful in smoothing the path to understanding.

The Demon Inside is the second book in Peter Oxley's Infernal Aether Series, a dark gothic fantasy set in Victorian London described as "fantasy at its best," "epic" and "no holds barred." If you like electrifying action, rich characters and demons galore, then you'll love The Demon Inside.

The #1 New York Times bestselling memoir of U.S. Navy SEAL Chris Kyle, and the source for Clint Eastwood's blockbuster movie which was nominated for six academy awards, including best picture. From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him "The Legend"; meanwhile, the enemy feared him so much they named him al-Shaitan ("the devil") and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of two close SEAL teammates—and in moving first-person passages throughout, his wife, Taya, speaks openly about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle's masterful account of his extraordinary battlefield experiences ranks as one of the great war memoirs of all time.

In 1807, folks living along the Hudson River saw a strange fire-breathing monster churning the waters. The sight of Robert Fulton's Clermont created havoc on the shore and river. One of the on-lookers, a young Brenton Dixon, got a job aboard the steamboat and assisted Fulton and his crew. Brenton continued working on steamboats throughout their great pre-Civil War heyday.

Set in 1880, follows two escaped slaves as they make their way north on the Underground Railroad by following the Big Dipper, or the "Drinking Gourd."

Presents a variety of jokes and facts, including knock-knocks, tongue twisters, riddles, and traditional question and answer jokes.

From the acclaimed historian of global empire, the dramatic story of how steam power reshaped our cities and our seas, and forged a new world order Steam power transformed our world, initiating the complex, resource-devouring industrial system the consequences of which we live with today. It revolutionized work and production, but also the ease and cost of movement over land and water. The result was to throw open vast areas of the world to the rampaging expansion of Europeans and Americans on a scale previously unimaginable. Unlocking the World is the captivating history of the great port cities which emerged as the bridgeheads of this new steam-driven economy, reshaping not just the trade and industry of the regions around them but their culture and politics as well. They were the agents of what we now call 'globalization', but their impact and influence, and the reactions they provoked, were far from predictable. Nor were they immune to the great upheavals in world politics across the 'steam century'. This book is global history at its very best. Packed with fascinating case histories (from New Orleans to Montreal, Bombay to Singapore, Calcutta to Shanghai), individual stories and original ideas, Darwin's book allows us, for better or worse, to see the modern age taking shape.

A Newbery Honor WinnerA New York Times Bestseller This stunning fantasy inspired by Chinese folklore is a companion novel to Starry River of the Sky and the New York Times bestselling and National Book Award finalist When the Sea Turned to Silver In the valley of Fruitless mountain, a young girl named Minli lives in a ramshackle hut with her parents. In the evenings, her father regales her with old folktales of the Jade Dragon and the Old Man on the Moon, who knows the answers to all of life's questions. Inspired by these stories, Minli sets off on an extraordinary journey to find the Old Man on the Moon to ask him how she can change her family's fortune. She encounters an assorted cast of characters and magical creatures along the way, including a dragon who accompanies her on her quest for the ultimate answer. Grace Lin, author of the beloved Year of the Dog and Year of the Rat returns with a wondrous story of adventure, faith, and friendship. A fantasy crossed with Chinese folklore, Where the Mountain Meets the Moon is a timeless story reminiscent of The Wizard of Oz and Kelly Barnhill's The Girl Who Drank the Moon. Her beautiful illustrations, printed in full-color, accompany the text throughout. Once again, she has created a charming, engaging book for young readers.

A book of short stories in the historical fantasy/fiction genre about interventions by the Ancient Oracle Phoebe and her friends into fictional and non-fictional lives and events. Inventor Nikola Tesla, Dracula, the Gunfight at the OK Corral, 1920's Jazz musician 'Bix' Beiderbecke, Carl Jung, Ernest Shackleton (the Antarctic explorer), and others meet Phoebe and her associates...and things change.

History books tell much about Lewis and Clark's expedition West. But what is less known is how far the explorers went to ensure their entire team had an equal voice in decision-making, even though women and slaves were excluded from democracy in the nation.

Timely, Fun, Challenging and Wise! Tomson Highway's musical cabaret, The Incredible Adventures of Mary Jane Mosquito, couldn't be more vividly presented unless you were sitting in the middle seat of the front row watching the Cree playwright, performer, musician and poet himself. The story of a wingless little mosquito from Manitoba has all the whimsy and wise humour any audience could ask for. The ageless theme of a misfit, who finds her voice through song and who learns to make friends by communicating directly with her audience, is a timely treat for anyone who has felt like an outsider, dealt with bullying, moved to a new place, or was different from the rest of the pack. The entire script is here, complete with song lyrics, stage directions, Cree vocabulary, and challenging tongue twisters to delight all ages. A perfect book for drama students, teachers, and theatre enthusiasts, this beautiful full-colour volume serves as an interactive read-aloud for the young, or a great way to introduce students to the joys of staging a musical production.

"Shares fun and friendly pranks to play on siblings through detailed steps, practical advice, and encouraging humor"--

The moon is amazing! It has craters, "oceans" of lava, and lots of awesome space rocks. Neil's imagination takes him on a trip to the moon. Join him as he explores mountains and hills, spots a famous astronaut's footprints, and collects space rocks for his science project. Find out more about that big round object in the night sky.

Collects three stories about animals causing chaos, including Mariska, the horse escape artist, Milkshake, the charging cow, and Pony, the runaway goat.

Raised by their aunt in a remote coastal town, Annat and Malchik have always been protected from the hostile world that surrounds them. It is now time for them to find their own way. To become true wanderers. Reunited with their father, they embark on a remarkable train journey that will take them to the frozen lands of the north. Shortly after their arrival in the town of Gard Ademar, it becomes apparent that dark forces are at work. A series of apparently senseless murders have terrified the townspeople, threatening the construction of a new tunnel. It is a mystery that will draw them into the magical kingdom of La Souterraine. A place where only a shamam can hope to survive.

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

This newly reissued debut book in the Rutgers University Press Classics Imprint is the story of the search for a rocket propellant which could be trusted to take man into space. This search was a hazardous enterprise carried out by rival labs who worked against the known laws of nature, with no guarantee of success or safety. Acclaimed scientist and sci-fi author John Drury Clark writes with irreverent and eyewitness immediacy about the development of the explosive fuels strong enough to negate the relentless restraints of gravity. The resulting volume is as much a memoir as a work of history, sharing a behind-the-scenes view of an enterprise which eventually took men to the moon, missiles to the planets, and satellites to outer space. A classic work in the history of science, and described as "a good book on rocket stuff...that's a really fun one" by SpaceX founder Elon Musk, readers will want to get their hands on this influential classic, available for the first time in decades.

The authors recount twelve millennia of history along the lower San Juan River, much of it the story of mostly unsuccessful human attempts to make a living from the river's arid and fickle environment. From the Anasazi to government dam builders, from Navajo to Mormon herders and farmers, from scientific explorers to busted miners, the San Juan has attracted more attention and fueled more hopes than such a remote, unpromising, and muddy stream would seem to merit.

BONUS: This edition contains an excerpt from Sydney Croft's Taken by Fire. Power. Pleasure. Danger. It doesn't get any hotter than this. He came to the underground London club for a night of extreme sex play with the enigmatic "Mistress Rik." But the special agent known as Trance is really on a search-and-rescue mission to keep her alive. Part predator, Ulrika "Rik" Jaegar possesses feral powers that make her a danger to others—and to herself. That's why the Agency for Covert Rare Operatives (ACRO) wants to recruit her to their side....To do so, Trance will have to pull off the impossible: capture and control Rik, both woman and beast. On the run from the deadly agency that changed her into a pleasure-seeking shape-shifter, Rik uses sex to rein in her own raging desires. Operating on pure instinct, she trusts no one...especially the magnificent alpha male with the power to seduce her into submission. An undercover agent with unique hypnotic gifts, Trance is surprised by his instinct to hold Rik and keep her safe—but he has a job to do. And as he hunts her down, as Rik and Trance are thrust into the ultimate game of domination and submission, they'll enter a place where surrender is their sole hope of survival—and the only thing that can tame the wild beast in both of them....

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

THE BESTSELLING CLASSIC ON 'FLOW' – THE KEY TO UNLOCKING MEANING, CREATIVITY, PEAK PERFORMANCE, AND TRUE HAPPINESS Legendary psychologist Mihaly Csikszentmihalyi's famous investigations of "optimal experience" have revealed that what makes an experience genuinely satisfying is a state of consciousness called flow. During flow, people typically experience deep enjoyment, creativity, and a total involvement with life. In this new edition of his groundbreaking classic work, Csikszentmihalyi ("the leading researcher into 'flow states'" —Newsweek) demonstrates the ways this positive state can be controlled, not just left to chance. Flow: The Psychology of Optimal Experience teaches how, by ordering the information that enters our consciousness, we can discover true happiness, unlock our potential, and greatly improve the quality of our lives. "Explores a happy state of mind called flow, the feeling of complete engagement in a creative or playful activity." —Time

Elizabeth Cady Stanton spoke before an eager crowd in 1948. Her demand was equal rights for women--including suffrage, the right to vote. It took more than 70 years from that moment before all American women could vote.

Earth has a trash problem. How can you help? Join Tyler in learning about recycling. Find out what happens to things when they are recycled. Do your part to be a planet protector! Discover how to reduce, reuse, recycle, and more with Tyler and Trina in the Planet Protectors series, part of the Cloverleaf Books™ collection. These nonfiction picture books feature kid-friendly text and illustrations to make learning fun!

'Ulysses' is a novel by Irish writer James Joyce. It was first serialised in parts in the American journal 'The Little Review' from March 1918 to December 1920, and then published in its entirety by Sylvia Beach in February 1922, in Paris. 'Ulysses' has survived bowdlerization, legal action and bitter controversy. Capturing a single day in the life of Dubliner Leopold Bloom, his friends Buck Mulligan and Stephen Dedalus, his wife Molly, and a scintillating cast of supporting characters, Joyce pushes Celtic lyricism and vulgarity to splendid extremes. An undisputed modernist

classic, its ceaseless verbal inventiveness and astonishingly wide-ranging allusions confirm its standing as an imperishable monument to the human condition. It takes readers into the inner realms of human consciousness using the interior monologue style that came to be called stream of consciousness. In addition to this psychological characteristic, it gives a realistic portrait of the life of ordinary people living in Dublin, Ireland, on June 16, 1904. The novel was the subject of a famous obscenity trial in 1933, but was found by a U.S. district court in New York to be a work of art. The furor over the novel made Joyce a celebrity. In the long run, the work placed him at the forefront of the modern period of the early 1900s when literary works, primarily in the first two decades, explored interior lives and subjective reality in a new idiom, attempting to probe the human psyche in order to understand the human condition. This richly-allusive novel, revolutionary in its modernistic experimentalism, was hailed as a work of genius by W.B. Yeats, T.S. Eliot and Ernest Hemingway. Scandalously frank, wittily erudite, mercurially eloquent, resourcefully comic and generously humane, 'Ulysses' offers the reader a life-changing experience. Publisher : General Press

I'm Jett Cocker. The Ciphers MC - they're my chosen family now. We arrive without warning and level sh*t, fight for victims who can't fight, to make them into something... someone... better than what and who they were. I never expected on the most dangerous of our missions to meet an irresistible feral cat. I nicknamed the kitty, Sunshine, and she is anything but. How can I get her to open herself to me? My name is Luna, not Sunshine. I don't have time for Grey Eyes - a f*cking biker named Jett Cocker. No matter how ridiculously hot he is, or how skilled at playing my emotions like a violin. My WHOLE LIFE I've been gearing up for this. I've finally found the man who killed my mom. Now. Is. My. Moment. So why am I wasting time with this biker...and why does being with him feel so good? "Together they are destined to save lives. As long as they're with each other they'll be happy. The story is quite romantic...I think anyone who loves bikers, romance, and strong female characters will love this book." - Books Eater Blog. _____ The Cocker Brothers of Atlanta, Georgia, have earned their nickname -- The Cocky Brothers. Their daddy taught them to be REAL men. Their momma told them, "HOLD OUT for a different kind of woman." They have one thing in common: Sexy ARROGANCE. A brand new Bad Boy Romance Stand-Alone book series. Six brothers. Six books. Meet Jett Cocker. Book 2.

Is that a fire-breathing monster coming down the Hudson River? Young Brenton Dixon isn't so sure. To his surprise, it's the 1907 maiden journey of Robert Fulton's steamboat from New York City to Albany.

Let's Meet a Librarian! Are you curious about dinosaurs? Music? Volcanoes? You're in luck! Mr. Field is a librarian. He knows how to find information about all kinds of cool things. He shows the students in Mrs. Ríos's class how to use the library. Let's hear it for librarians! "Cartoon-style animated drawings in bright colors introduce diverse characters who will capture children's interest." —School Library Journal "In each book introducing a community-benefiting career, schoolchildren meet one adult to learn about his or her job; information includes the training required to become a firefighter, doctor, etc., daily routines, and primary responsibilities. The content is inclusive and up-to-date but delivered through vapid stories. Peppy computer-generated cartoons are amateur." - The Horn Book Guide Free downloadable series teaching guide available.

Barbara Kingsolver's acclaimed international bestseller tells the story of an American missionary family in the Congo during a poignant chapter in African history. It spins the tale of the fierce evangelical Baptist, Nathan Price, who takes his wife and four daughters on a missionary journey into the heart of darkness of the Belgian Congo in 1959. They carry with them to Africa all they believe they will need from home, but soon find that all of it - from garden seeds to the King James Bible - is calamitously transformed on African soil. Told from the perspective of the five women, this is a compelling exploration of African history, religion, family, and the many paths to redemption. The Poisonwood Bible was nominated for the Pulitzer Prize in 1999 and was chosen as the best reading group novel ever at the Penguin/Orange Awards. It continues to be read and adored by millions worldwide.

The first people who lived in California did not fight fire. They used it as a tool. After thousands of years of tending the forest floor like a garden, the California Gold Rush of 1849 brought settlers and miners who killed Native Americans and destroyed forest ecosystems. By stopping all fires and not tending the forest floor, conditions were perfect for major wildfires: megafires.

A small river in a big city, the Don River Valley is often overlooked when it comes to explaining Toronto's growth. With Reclaiming the Don, Jennifer L. Bonnell unearths the missing story of the relationship between the river, the valley, and the city, from the establishment of the town of York in the 1790s to the construction of the Don Valley Parkway in the 1960s. Demonstrating how mosquito-ridden lowlands, frequent floods, and over-burdened municipal waterways shaped the city's development, Reclaiming the Don illuminates the impact of the valley as a physical and conceptual place on Toronto's development. Bonnell explains how for more than two centuries the Don has served as a source of raw materials, a sink for wastes, and a place of refuge for people pushed to the edges of society, as well as the site of numerous improvement schemes that have attempted to harness the river and its valley to build a prosperous metropolis. Exploring the interrelationship between urban residents and their natural environments, she shows how successive generations of Toronto residents have imagined the Don as an opportunity, a refuge, and an eyesore. Combining extensive research with in-depth analysis, Reclaiming the Don will be a must-read for anyone interested in the history of Toronto's development.

When mother of five Charlotte Bridger Drummond becomes lost in the Great Northwest Woods, she is rescued by an elusive group of quasi-human beasts that force her to examine her previous notions about the differences between animals and humans, men and women, and wilderness and civilization. Reprint. 25,000 first printing.

For disgraced physician Kim Sharpe, Fire Creek was supposed to be a sanctuary, a place to hide from media scrutiny and the public eye. But when a group of wolf shifters break into her clinic and demand she save the life of a packmate, her serene world unravels. And when the wolf dies despite Kim's efforts, she's dragged into a hunt she can't control, led by a man she desperately wants to understand. All shifters live with their beasts, but Chris "Brick" Preston's is dangerously close to the surface. And it wants Kim. Sex keeps

the beast sated for now, but unless Kim can help him find a more permanent solution, Brick risks becoming a feral, banished—or put down—by his pack. With each incredibly intense encounter, Brick and Kim grow closer. But time is not on their side. When Kim is faced with betraying the pack in order to save Brick's life, the consequences may be more than they can survive.

From New York Times bestselling author Samantha Towle comes an unexpected love story between two unlikeliest of people...A new town. A new identity. Pregnant and alone. And far away from a past that can never find me. River Wild. Moody. Sullen. Jerk. And my new neighbor. I have no interest in befriending River. And he definitely doesn't want to be befriended by me. Then, he helps me rescue an abandoned dog. And, that day, I see something in his eyes that reflects back in my own. Sadness. Pain. Loneliness. I know all of those things well. An unwanted and unexpected friendship that somehow works. Then, without warning, it turns into something more. River and I both have our secrets, and that's okay. Because I understand him. And he understands me. For the first time in my life, I have something I never thought I would have--happiness. But happiness isn't forever. Not for people like me. Especially not when my past is waiting just around the corner, ready to come and take it all away.
