What is #Qanon? Who is Q? Q is an anonymous poster claiming to be a person or team of persons with the highest level of clearance in the Trump administration. The original threads (also called "breads") were posted on 4chan or 8chan, social media sites with absolute free speech. The posters on those sites are called "Anons" because all posting is Anonymous. To prove identity, other 'Proofs,' must be used, such as those provided by several of the puzzles posed by Q. The Q phenomenon raises many fascinating questions. Is Qanon a "larp" (short for "live action role play"), a "psyop" (propaganda war, short for "psychological operation," usually from a hostile source)? Or is Q who he/they claim to be: a person or small group in Trump's administration--possibly including Trump himself? Even if Q is indeed a person with high level security clearance, are Q's explosive claims to be exposing and fighting treason at the highest levels of the American government true? The implications for America and the world are momentous either way. The "Q Storm" will go down in history as a critical turning point in the course of the United States of America, and, indeed, in politics world wide. The "Storm" represents an amazing confluence of the most grass roots form of political participation with possibly the highest level of military intelligence--in the context of an enormous struggle over the future of human freedom. The documents here are provided without opinion, so that you, the reader, can study, research, and decide. Read this and expand your thinking.

In this book Sigmund Freud has attempted to expound the methods and results of dream-interpretation; and in so doing he does not think he overstepped the boundary of neuro-pathological science. For the dream proves on psychological investigation to be the first of a series of abnormal psychic formations, a series whose succeeding members--the hysterical phobias, the obsessions, the delusions-- must, for practical reasons, claim the attention of the physician.
