Exploring Christian Heritage provides students and teachers with a rich and substantial introduction to the texts that have shaped the Christian faith. Including works by Augustine, Aquinas, Martin Luther, John Wesley, John Calvin, and Karl Barth, among others, this collection also highlights essential movements--from the second to the twenty-first centuries--often glossed over in primary source readers. From Pentecostalism and Baptists to feminism and religious liberty movements, Exploring Christian Heritage succinctly joins together the most influential voices of Christian history and theology with those that have been forgotten and sometimes ignored. Now in its second edition, voices ancient and modern have been added to deepen and widen the story of Christianity in varied forms. Exploring Christian Heritage, second edition also contains additional classroom resources, including new textual introductions and over ninety new quizzes.

Bella Caledonia: Woman, Nation, Text looks at the widespread tradition of using a female figure to represent the nation, focusing on twentieth-century Scottish literature. The woman-as-nation figure emerged in Scotland in the twentieth century, but as a literary figure rather than an institutional icon like Britannia or France's Marianne. Scottish writers make use of familiar aspects of the trope such as the protective mother nation and the woman as fertile land, which are obviously problematic from a feminist perspective. But darker implications, buried in the long history of the figure, rise to the surface in Scotland, such as woman/nation as victim, and woman/nation as deformed or monstrous. As a result of

Scotland's unusual status as a nation within the larger entity of Great Britain, the literary figures under consideration here are never simply incarnations of a confident and complete nation nurturing her warrior sons. Rather, they reflect a more modern anxiety about the concept of the nation, and embody a troubled and divided national identity. Kirsten Stirling traces the development of the twentieth-century Scotland-as-woman figure through readings of poetry and fiction by male and female writers including Hugh MacDiarmid, Naomi Mitchison, Neil Gunn, Lewis Grassie Gibbon, Willa Muir, Alasdair Gray, A.L. Kennedy, Ellen Galford and Janice Galloway.

Modeling, simulation, and analysis (MS&A) is a crucial tool for military affairs. MS&A is one of the announced pillars of a strategy for transforming the U.S. military. Yet changes in the enterprise of MS&A have not kept pace with the new demands arising from rapid changes in DOD processes and missions or with the rapid changes in the technology available to meet those demands. To help address those concerns, DOD asked the NRC to identify shortcomings in current practice of MS&A and suggest where and how they should be resolved. This report provides an assessment of the changing mission of DOD and environment in which it must operate, an identification of high-level opportunities for MS&A research to address the expanded mission, approaches for improving the interface between MS&A practitioners and decision makers, a discussion of training and continuing education of MS&A practitioners, and an examination of the need for coordinated military science research to support MS&A.

In this meticulously researched biography, veteran music journalist Jonny Whiteside recounts the colorful story of this pioneering woman who literally grew up in the male-dominated enclaves of country music and struggled to make a place for herself there. In *Rose Maddox*, Whiteside has found an exceptional protagonist for his story: a fiery, strong-willed entertainer whose music has had an influence far beyond her handful of hits on the record charts and who in many ways, Whiteside convincingly argues, prefigured the coming of rock and roll. In the process, Whiteside introduces us to a host of memorable characters - stars like Hank Williams and Johnny Cash; behind-the-scenes movers and shakers like record men Cliffie Stone and Bill McCall; and, at the heart of the story, the irrepressible Maddox family themselves, whose freewheeling music so faithfully reflected the hurly-burly world of California's displaced migrant workers.
